Professional Summary

MCA student and Frontend Developer with a strong foundation in HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, and Tailwind CSS, focused on building responsive and user-friendly web applications. Hands-on experience with REST API integration, version control using Git and GitHub, and deploying live projects through GitHub Pages. Currently expanding into the MERN Stack (Node.js, Express.js, MongoDB) and strengthening Data Structures & Algorithms through the Apna College Sigma Batch program to grow as a full-fledged MERN Stack Developer. Seeking a Frontend Developer / MERN Stack Trainee role to apply strong frontend skills, contribute to real-world engineering projects, and grow into full-stack development.

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+)

Frameworks & Libraries: React.js, Bootstrap, Tailwind CSS

Tools & Platforms: Git, GitHub, Visual Studio Code, Vite, npm

Frontend Concepts: Responsive Web Design, Flexbox, CSS Grid, DOM Manipulation, REST API Integration, Cross-Browser Compatibility, Mobile-First Design

Backend & Database: Node.js, Express.js, MongoDB, MySQL, PHP

Core Concepts: Data Structures & Algorithms, Component-Driven Architecture, Full-Stack Development

Projects

Personal Portfolio Website – HTML5, CSS3, JavaScript

[Live Demo](#) | [GitHub](#)

- Designed and developed a fully responsive personal portfolio to showcase profile, technical skills, projects, education, and contact information.
- Implemented modern UI components, smooth-scrolling navigation, reusable layouts, and animations using a mobile-first responsive design approach.
- Optimized website performance, accessibility, and cross-browser compatibility, and deployed the project using GitHub Pages.

RideZone Cycles – Business Website – HTML5, CSS3, JavaScript

[Live Demo](#) | [GitHub](#)

- Designed and developed a responsive business website for a bicycle store to showcase products, pricing, and store information online.
- Built clean product listing and pricing sections with simple navigation, making it easy for customers to browse different cycle models and services.
- Created an easy-to-use contact section for customer enquiries and store visits, improving accessibility for potential buyers.
- Optimized layouts for mobile responsiveness and cross-browser compatibility, ensuring a smooth experience across all devices.

Diamond Beauty Salon Website – HTML5, CSS3, JavaScript

[Live Demo](#) | [GitHub](#)

- Built a modern, responsive salon website with service listings, pricing, gallery, contact information, and appointment-booking integration.
- Designed an intuitive user interface with responsive layouts, clean typography, and visually appealing sections to enhance user engagement.
- Applied responsive design techniques and optimized the page structure to improve usability and maintainability.

Education

Master of Computer Applications (MCA)

2024 – Present

Maharshi Dayanand University, Rohtak

Bachelor of Computer Applications (BCA)

2021 – 2024

Maharshi Dayanand University, Rohtak

75.6% – First Division with Distinction

Certifications

Full Stack Web Development – Apna College (Sigma Batch)

Ongoing

Achievements & Extra-Curricular Activities

- **Batch Topper** – Secured the top academic position in batch.
- **Class Monitor** – Served as class representative, coordinating between faculty and students.
- **NSS Head Candidate** – Led National Service Scheme (NSS) initiatives, managing team coordination and community engagement activities.
- Delivered a seminar presentation, demonstrating strong public speaking and technical communication skills.
