PROFILE

Frontend Developer and MCA student skilled in building modern, responsive, and user-friendly websites. Proficient in HTML, CSS, JavaScript, React, PHP, and MySQL. Passionate about writing clean code, creating smooth user experiences, and developing high-quality web solutions.

PROJECTS

PERSONAL PORTFOLIO WEBSITE

Developed a modern personal portfolio using HTML, CSS and JavaScript with responsive layout and smooth animations.

BEAUTY SALON BUSINESS WEBSITE

Designed a responsive beauty salon website with a booking form, service sections, and a modern user interface.

BICYCLE STORE WEBSITE

Built a professional bicycle store website with clean product sections and a responsive interface.

WEATHER APPLICATION

Developed a weather application using an API to display real-time weather information with a modern UI.

GOOGLE MAPS WEBSITE (IN PROGRESS)

Worked on map-based website features using Google Maps integration for better location tracking and navigation.

EXPERIENCE

FRONTEND DEVELOPMENT PRACTICE

Built academic and personal frontend projects using HTML, CSS, and JavaScript. Focused on responsive design, clean layouts, and modern UI development.

VERSION CONTROL & DEVELOPMENT TOOLS

Used Git and GitHub for project management and version control. Worked with VS Code and modern development tools.

BACKEND & DATABASE BASICS

Basic understanding of PHP and MySQL database operations. Familiar with backend concepts and database connectivity.
