Professional Summary

Motivated Frontend Developer and MCA student with a strong foundation in HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, and Tailwind CSS. Experienced in building responsive, user-friendly web applications through academic and personal projects, with working knowledge of REST API integration and version control using Git and GitHub. Currently expanding skills in the MERN Stack (Node.js, Express.js, MongoDB) and Data Structures & Algorithms. Seeking a Frontend Developer Internship or entry-level role to apply technical skills and contribute to real-world projects.

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+)

Frameworks & Libraries: React.js, Bootstrap, Tailwind CSS

Tools & Platforms: Git, GitHub, Visual Studio Code, Vite, npm

Frontend Concepts: Responsive Web Design, Flexbox, CSS Grid, DOM Manipulation, REST API Integration, Cross-Browser Compatibility, Mobile-First Design

Currently Learning: Node.js, Express.js, MongoDB, MySQL, PHP, Data Structures & Algorithms

Projects

Personal Portfolio Website - *HTML5, CSS3, JavaScript*

[Live Demo](#) | [GitHub](#)

- Designed and developed a fully responsive personal portfolio to showcase profile, technical skills, projects, education, and contact information.
- Implemented modern UI components, smooth scrolling navigation, reusable layouts, animations, and a mobile-first responsive design using HTML, CSS, and JavaScript.
- Optimized website performance, accessibility, and cross-browser compatibility while deploying the project using GitHub Pages.

RideZone Cycles - Business Website - *HTML5, CSS3, JavaScript*

[Live Demo](#) | [GitHub](#)

- Developed a responsive business website for a bicycle store featuring product showcases, categories, offers, and company information.
- Created reusable UI sections, interactive navigation, responsive layouts, image galleries, and modern styling for an improved user experience.
- Applied responsive web design principles to ensure compatibility across desktop, tablet, and mobile devices.

Diamond Beauty Salon Website - *HTML5, CSS3, JavaScript*

[Live Demo](#) | [GitHub](#)

- Built a modern and responsive salon website with service listings, pricing, gallery, contact information, and appointment booking integration.
- Designed an intuitive user interface with responsive layouts, clean typography, and visually appealing sections to enhance user engagement.
- Implemented responsive design techniques and optimized page structure for improved usability and maintainability.

Education

Maharshi Dayanand University, Rohtak

2024 - Present

Master of Computer Applications (MCA)

Maharshi Dayanand University, Rohtak

2021 - 2024

Bachelor of Computer Applications (BCA)

75.6% - First Division with Distinction

Professional Development

Apna College - Sigma Batch

2026 - Present

MERN Stack Web Development (Ongoing)

- Learning Frontend and Backend web development through a structured curriculum with hands-on projects.
- Gaining practical knowledge of React.js, Node.js, Express.js, MongoDB, SQL, Git, GitHub, REST APIs, and Data Structures & Algorithms.
- Building responsive web applications while following modern development practices and version control using Git and GitHub.

Achievements

- Developed and deployed multiple responsive frontend web applications using HTML5, CSS3, JavaScript, and React.js.
- Built business-oriented websites focused on responsive design, user experience, and clean interface development.
- Integrated REST APIs and implemented reusable UI components across personal web development projects.
- Published projects using GitHub Pages and maintained source code with Git and GitHub.
